During the academic year, 2 absences from exercises are allowed if justified by a medical certificate. Additional absence from exercises due to health reasons, confirmed by a medical certificate, requires making up for the classes. The date and form of completing the classes must be arranged individually with the assistant conducting the course. Every absence from a seminar must be justified by a medical certificate and requires completion. The date and form of completing the classes must be arranged individually with the assistant conducting the seminar.</i> <i>The condition for passing the exercises is a positive assessment from the instructor conducting the clinical classes, confirming: the acquisition of skills in performing specific procedures and maintaining accurate medical documentation, as well as a proper attitude towards the patient and medical personnel.</i> <i>The condition for being allowed to take the final exam is the completion of the exercises and passing the colloquium from the seminars. The first colloquium date is in a test format. The second colloquium date is an oral (or test) assessment with the assistant conducting the classes. In the case of failing the first and second colloquium dates, an oral colloquium with the head of the department will take place, after prior agreement on the date. A negative result on the colloquium results in failing the subject.</i> <i>The final exam consists of a two-part clinical examination (including a practical part - patient examination, preliminary treatment plan, execution of a procedure in the field</i>	<i>Test verifying knowledge from seminars consists of 25 questions - 3 distractors and 1 correct answer. 	<i>of conservative dentistry with endodontics, and an oral discussion of issues related to the presented case) and a theoretical exam. conducted in the form of a test. The passing of the clinical exam allows one to take the theoretical exam.</i> <i>Failure to pass the practical part of the diploma exam requires setting a resit date with the Head of the Department of Conservative Dentistry.</i> <i>Unjustified absence will be treated equally to a failing grade and failure to pass the exam.</i> <i>To justify absence from classes, tests, exams, or practical sessions, a student is required to notify the course coordinator or another person appointed by the head of the unit by email or in writing no later than three working days after the day the class, test, exam, or practical session took place. Late submission of an excuse is allowed if the student couldn't provide it for a valid reason; in that case, the document should be submitted as soon as the reason for the absence no longer applies.</i> <i>The condition for taking an exam scheduled outside the regular exam session is to have passed the course. A student has three exam attempts, with the second and third attempts being retakes.</i> <i>In the case of a second attempt at a course retake or a second attempt at an exam retake, the student can ask the Dean to allow an observer appointed by the student council to be present at the retake or exam.</i> <i>The Dean may agree to let a student take a committee exam or retake if there are valid concerns about the conduct of the exam or retake.</i>
