To excuse an absence from class, a student is required to notify the course coordinator by email or in writing no later than three business days after the date of the class, assessment, exam, or practicum. Submission of an excuse after this deadline is permitted if the student was unable to submit it for valid reasons; in such cases, the document should be submitted as soon as the reason for the absence ceases to exist.

Course Assessment

In the event of an excused absence from an assessment, the student is entitled to take the assessment on the next date scheduled by the department.

An unexcused absence constitutes grounds for recording a failure for the course on that date. If a student fails to pass the course by the final date set by the department in a given academic year, the student will not receive credit for that course.
